www.npc-cn.com

ULTRA HD 4K

The NPC brand was established in 2005 and its trademark has been registered in 130 countries worldwide. NPC is a technology group company specializing in the research, production and global sales of high-definition display products and personal computer products. Its products include QLED smart TVs, computer monitors, gaming monitors, laptops, all-in-one computers, etc. The mission of NPC is to provide high-quality and affordable video display products and IT computer products for the global market. Over the years, NPC has been committed to technological innovation and service improvement. Our vision is to become an internationally renowned and beloved electronic technology brand by consumers.

Experience a world of intelligent entertainment with NPC Tizen OS Smart TVs, powered by Samsung's acclaimed operating system. Seamlessly dive into pre-loaded apps like Netflix and Prime Video, or discover new favorites with the Universal Guide. Transform your living room into a command center with Bixby voice control, integrated SmartThings for effortless home automation, and the dedicated Samsung Gaming Hub for instant, console-free gaming. Every scene comes to life on the advanced display with Samsung HDR, delivering breathtaking color and clarity. NPC combines the premium technology with competitive pricing, offering an unbeatable smart TV experience backed by our global support network. Explore our range to find the perfect smart TV for your needs!
